INTRODUCTION

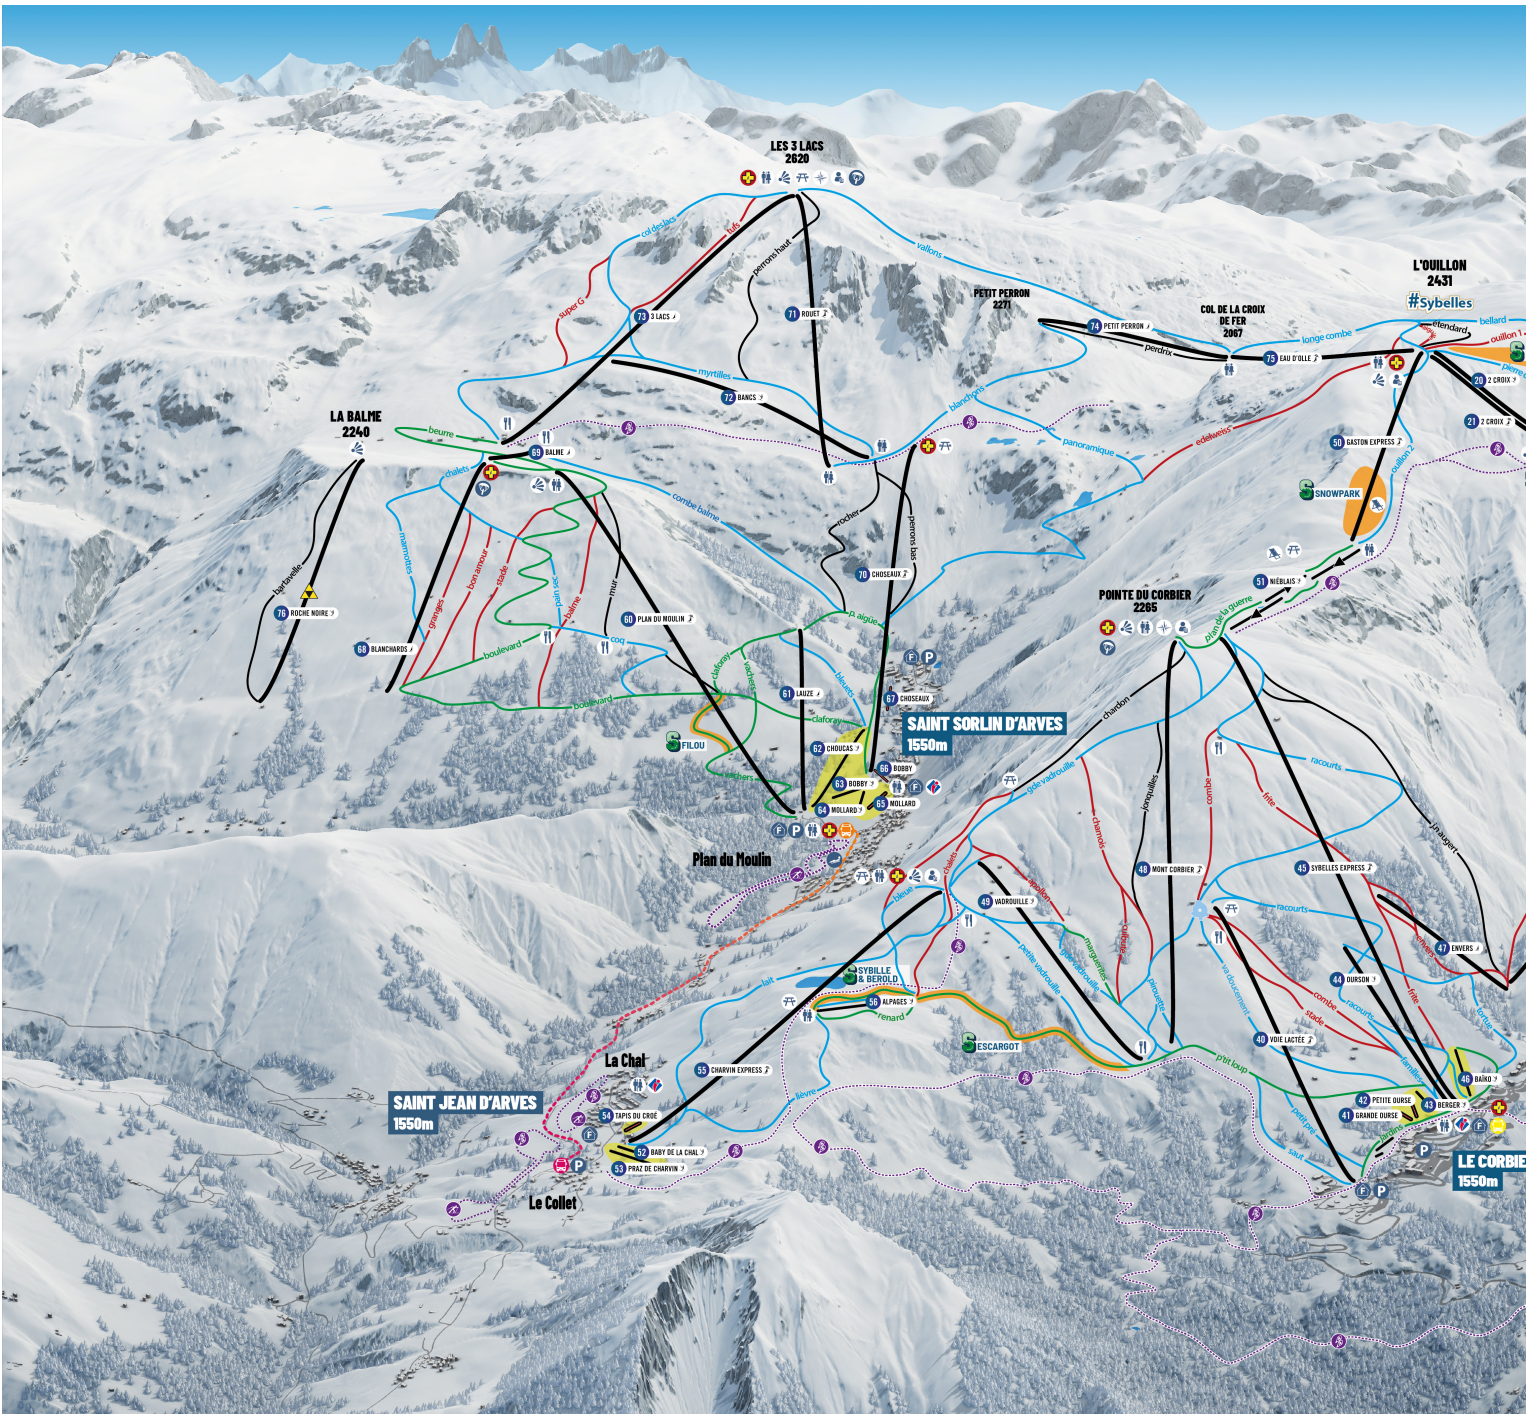

Les Sybelles, the 4th largest ski area in France and the 7th in Europe, invites you to experience an unforgettable winter 2024/2025 in the Maurienne Valley in Savoie, France. With over 300 km of pistes and six interconnected resorts, Les Sybelles provides an exceptional setting to explore the mountains in a distinctive manner, fostering a spirit of togetherness and authenticity. Renowned for the beauty of its landscapes, the ski area boasts one of the most stunning 360° panoramas in the French Alps, with a unique view of the majestic Aiguilles d'Arves. Having celebrated its 20th anniversary last winter, the 2024/2025 season promises to be full of novelties. An enhanced events programme and continually modernised facilities will ensure a unique and memorable experience.

Read the **MANIFESTO**

At Les Sybelles, we believe in the power of the collective.

This domain is a place where souls seeking freedom, joy, and wonder meet, where every peak and valley tells a story of passion and authenticity.

It looks kindly upon the world around it, conscious of the importance of preserving the richness of its mountains. Together, we imagine a future where respect for nature goes hand in hand with the joy of skiing.

A future where generations come together and see themselves in the simple and true values of altitude.

We are Les Sybelles. A domain where every turn, every panorama, becomes an invitation to explore, dream, and create memories.

Share the **VALUES**

ACCESSIBILITY

At Les Sybelles, accessibility is a priority. Whether through its geographical location, affordable prices, or the diversity of activities on offer, it is a domain open to all. Everyone finds their place here regardless of their level or connection to the mountains. Smooth, fast ski lifts and a star-shaped circulation around the central point of l'Ouillon, at 2,431m altitude, facilitate access to the summits. This peak is a grand 360° viewpoint offering a unique natural theatre for the ski area's activities and events. Les Sybelles aims to make your stay as easy and reassuring as possible, so that everyone can fully enjoy what it has to offer.

EMOTION

First and foremost, the ski area is here to provide you with authentic emotions. Les Sybelles is about the joy of reuniting with friends, rediscovering the slopes of your childhood, and sharing unique moments with family or loved ones. Every moment spent here is an invitation to feel the magic of the mountains, through memories that last and experiences that bring people together.

EXPERIENCE

Its playground is exceptional, timeless, and accessible to all generations. It offers much more than just a stay: it is a true experience, rich in encounters with passionate locals and dedicated professionals. Here, a warm and friendly spirit prevails, without ever falling into ostentation or unfulfilled promises. You come for the skiing, but you stay for the atmosphere and the unique setting it offers.

ECO-RESPONSABILITY

It is committed to protecting its natural heritage for future generations. Every decision made at Les Sybelles is guided by respect for the environment, whether through energy optimisation, responsible resource management, or the preservation of local ecosystems. It is dedicated to sustainable tourism, where the pleasure of the mountains goes hand in hand with respect for nature, ensuring that everyone can continue to enjoy this unspoiled beauty. Renewable energy sources generate 100% of the energy used for its ski lifts and facilities.

Ear the
PROMISE

It is "The Heart of the Mountain": a place where every visitor can reconnect with the essentials, share unique moments, and experience authentic emotions in the heart of the Alps. Whether you are seeking thrills, relaxation, or family discoveries, this domain offers the best that the mountains have

to offer. Les Sybelles is committed to providing unforgettable memories to those who discover its domain, through an experience that combines authenticity, conviviality, and excellence.

THE RESORT

Les Sybelles is a unique ski area composed of six resorts, each with its own distinct identity. Each of its six resorts offers a particular atmosphere, allowing every visitor to enjoy a personalised experience.

1. LA TOUSSUIRE La Toussuire is the sunniest resort of the domain. A family-friendly resort, it offers easy access to the rest of the ski area. Its sunny plateau and convivial atmosphere make it a popular destination for those looking to combine skiing with relaxation. Après-ski activities are plentiful, with restaurants, shops, and a variety of off-ski activities. Altitude: 1800 m.

2. LE CORBIER Le Corbier stands out with its functional architecture. Designed to offer maximum comfort to families, the resort offers ski-in/ski-out access from most accommodations. Its practical approach, combined with a varied range of activities, makes it the ideal resort for those seeking simplicity and efficiency. Additionally, Le Corbier holds the "Famille Plus" label. Altitude: 1550 m.

3. SAINT-SORLIN-D'ARVES Saint-Sorlin-d'Arves is an authentic resort where tradition and modernity successfully meet. A typical mountain village, it charms visitors with its timeless appeal and picturesque setting. Ski enthusiasts will find pistes for all levels, while non-skiers can enjoy a wide range of cultural and gourmet activities. Altitude: 1500 m.

4. SAINT-JEAN-D'ARVES, Saint-Jean-d'Arves offers the experience of a preserved mountain village, where time seems to stand still. This resort emphasises a return to nature and the discovery of local heritage. Its magnificent landscapes and tranquillity make it a haven for mountain lovers seeking serenity. Altitude: 1550 m.

5. LES BOTTIÈRES Les Bottières is the most intimate resort of the domain. Perfect for those seeking calm and authenticity, it is the ideal starting point to explore Les Sybelles in a peaceful atmosphere. Here, nature reigns supreme, and the activities on offer are geared towards discovery and contemplation. Altitude: 1300 m.

6. SAINT-COLOMBAN-DES-VILLARDS Saint-Colomban-des-Villards is the hidden gem of Les Sybelles. Nestled in a preserved valley, it offers direct access to less frequented pistes, for an authentic skiing experience. Altitude: 1100 m.

Winter

2024/2025 SEASON NEWS

These annual investments reflect the commitment to maintaining optimal service quality while integrating cutting-edge technologies for a ski area that is increasingly efficient and environmentally friendly.

GROOMER FOOD TRUCK

An innovative culinary experience awaits you at the top of the Charvin Express: a groomer transformed into a food truck, offering a gourmet break with an exceptional panoramic view. This unique spot will quickly become a must-visit for a culinary and chill experience at altitude.

MODERNISED EQUIPMENT

Pour la saison 2024/2025, Les Sybelles® investit dans la modernisation de ses infrastructures :

- An optimised snowmaking network is continually improved to ensure the best conditions for your favourite sport, with complete safety.
- New conveyor belts have been installed at Choseaux and Mollard to make your experience even more enjoyable.
- Increased capacity at the Plan du Moulin and Gaston Express chairlifts, to streamline the flow and avoid queues at the ski lifts.
- New terminals and pick-up systems have been set up to get ski passes, making the process simpler and faster.
- Reworked ski runs in various sectors to ensure your thrilling descents remain pure pleasure.
- Continued investment in SnowSat technology for our groomers, ensuring the care of natural resources while prioritising your safety.
- Renovation of part of the infrastructure to improve conditions for those working here.

Find our **COMMITMENTS**

Sustainability is more than just a commitment: it is a genuine mission taken to heart.

For Les Sybelles, acting sustainably means implementing a robust decarbonisation plan and thoughtful measures that make economic and social sense. It is fully aware that a sustainable approach is not limited to ecology alone. This is why it integrates the three pillars of corporate social responsibility (CSR)—economy, environment, and social—into every decision.

THE OBJECTIVE IS CLEAR

The objective is clear: to focus on the tangible realisation of projects aligned with sustainable tourism, starting by adhering to Domaines Skiabes de France's eco-commitments. This year marks an important milestone, as it will carry out its carbon footprint assessment. With precise results, it will be able to develop an action plan to reduce emissions and continue to meet the challenges facing alpine regions.

HERE ARE THE CONCRETE ACTIONS

1. CLIMATE AND ENERGY:

- Carbon Neutrality by 2037
- Hydrogen Groomer Project
- Deployment of carbon footprint assessment
- Eco-driving for grooming machines
- Eco-control for ski lifts
- Reasonable use of ski lifts

2. WATER AND AGRICULTURE

- Water storage
- Water conservation
- Support for pastoralism and water sharing

3. BIODIVERSITY :

- Ecological inventory
- Protection of mountain grouse

4. LANDSCAPES

- Re-vegetation after works
- Use of endemic seeds
- Dismantling of obsolete installations

5. WASTE :

- Waste collection
- Raising client awareness
